Please note, securities made by electronic transfer are credited on the date the shares are received into the WPAOG brokerage account. Due to high volume of activity at the end of the calendar year, we recommend that you instruct your broker no later than **November 30th for non-US traded stock and December 22nd for US traded stock** for it to be properly received by Merrill Lynch's trading desk in time for calendar year-end credit.

Please either fax a cop of this form to Gift Operations **845.446.1693** or email to giftoperations@wpaog.org to alert the WPAOG of your intention to transmit shares of stock.

Thank you.
