

VITAL STATISTICS SHEET

The Association of Graduates maintains a folder ("Cullum File") on every individual who ever attended USMA. This file becomes more important for historical research every year. Completed Vital Statistics Sheets should be submitted by graduates every five years. They are often the only source of information available on a graduate. Their completion and prompt return also insures accurate and current biographical data in the REGISTER OF GRADUATES. Please keep a current Vital Statistics Sheet on file with us. No one has access to your Cullum File without your or the Association Secretary's prior approval.
